

Nether Edge Primary School

September 2017

Links with other Policies

The Child Protection policy has obvious links with the wider Safeguarding agenda and staff and governors should always be aware of the impact this policy has on other related issues. For example, when agreeing or reviewing a policy for child protection, links should be made with a range of other guidelines and procedures:-

- Educational visits
- Health & Safety
- Behaviour
- Anti-Bullying
- Confidentiality
- Care, Control & Restraint
- Attendance
- Safer Working Practice
- Forced Marriage
- Child Sexual Exploitation
- Children as Young Carers
- Inclusion & SEN
- Children in Public Care
- PSHCE
- Children Missing Education
- Female Genital Mutilation
- E-Safety
- Guidance on Exclusions
- Preventing Radicalisation
- Private Fostering

Early Years Foundation Stage (EYFS)- In accordance to The Statutory Framework For Early Years (section 3 -2017)

https://www.foundationyears.org.uk/files/2017/03/EYFS_STATUTORY_FRAMEWORK_2017.pdf

This policy and all policies related to it also applies to the Early Years Foundation Stage (EYFS). The following are specific EYFS requirements that we adhere to:

- i) designate a practitioner to take lead responsibility for safeguarding children within the EYFS setting and liaising with local statutory children's agencies as appropriate (See designated safeguarding officer below and safeguarding procedure)
- ii) for registered settings, inform Ofsted of any allegations of serious harm or abuse by any person living, working, or looking after children at the premises (whether that allegation relates to harm or abuse committed on the premises or elsewhere), or any other abuse which is alleged to have taken place on the premises, and of the action taken in respect of these allegations;
- iii) for registered settings, inform Ofsted of the above (via ISI Office), as soon as is reasonably practicable, but at the latest with 14 days (see also allegations of abuse procedure).

CHILD PROTECTION POLICY

The Child Protection Policy will be reviewed and ratified annually by the board of trustees or as events, or legislation requires.

Any deficiencies or weaknesses identified will be remedied without delay.

Academic year	Designated Safeguarding Lead	Headteacher	Deputy Designated Safeguarding Lead	Nursery Safeguarding Lead	Nominated Governor	Chair of Governors
2017/18	Ms Homaira Ibrahim	Mrs Katie Hall	Mrs Katie Hall Ms Sara Ahmed Mrs Sarah Featherstone Mr Matthew Knox	Ms Homaira Ibrahim	Mrs Anne Davies	Mrs Rhona Dodds

Nether Edge Primary School and Nursery recognises that safeguarding encompasses the duties of child protection and promoting the rights and welfare of children. As such, it is:

- Everyone's responsibility to safeguard children
- Everyone who comes into contact with children and families has a role to play
- Everyone working with children maintains an attitude of 'it could happen here' (Keeping Children Safe in Education, updated September 2016).

And we believe:

- Schools can contribute to the prevention of abuse.
- All children have the right to be protected from harm.
- Children need support which matches their individual needs, including those who may have experienced abuse.
- Children need to be safe and feel safe in school.

Specifically, these responsibilities apply to all staff, trustees and volunteers working in the school, to contractors, supply staff and visitors during any interactions they may have with children.

Nether Edge Primary School and Nursery will fulfil local and national responsibilities as laid out in the following documents:-

- Keeping Children Safe in Education – Statutory guidance for schools and colleges, updated September 2016
- [Working Together to Safeguard Children, September 2016 \(Statutory guidance\)](#)
- Statutory guidance on children who run away or go missing from home or care – January 2014
- What to do if you're worried a child is being abused – March 2015
- Information sharing - Advice for practitioners providing safeguarding services to children, young people, parents and carers March 2015
- Sheffield Safeguarding Children Board Procedures
- Children Act 1989 (as amended 2004 Section 52)
- Education Act 2002 s175/s157
- The Teachers Standards' 2012

- The Counter-Terrorism and Security Act 2015 (section 26 The Prevent Duty)

The Policy conforms to locally agreed inter-agency procedures. It is available to all interested parties on our website and on request from the main school office. It should be read in conjunction with other relevant policies and procedures (See section 7 below).

Overall Aims

To contribute to the prevention of abusive experiences in the following ways:

- Clarifying standards of behaviour for staff and pupils
- Introducing appropriate work in the curriculum which is relevant for the Nether Edge community
- Developing staff awareness of the causes of abuse
- Encouraging pupil and parental participation in practice
- Addressing concerns at the earliest possible stage

To contribute to the protection of our pupils in the following ways:

- Introducing appropriate work in the curriculum which is relevant for the Nether Edge community
- Implementing child protection policies and procedures
- Working in partnership with pupils, parents and agencies

To contribute to supporting our pupils in the following ways:

- Identifying individual needs where possible
- Designing support plans and interventions to meet individual needs

Definitions and indicators of abuse

Reference: Working Together to Safeguard Children (DfE 2016)

Neglect

Neglect: Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- Protect a child from physical and emotional harm or danger;
- Ensure adequate supervision (including the use of inadequate care-givers)
- Ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Examples which **may** indicate neglect (it is not designed to be used as a checklist):

Hunger

Tiredness or listlessness

Child dirty or unkempt

Poorly or inappropriately clad for the weather

Poor school attendance or often late for school

Poor concentration

Affection or attention seeking behaviour

Untreated illnesses/injuries

Pallid complexion

Stealing or scavenging compulsively

Failure to achieve developmental milestones, for example growth, weight

Failure to develop intellectually or socially
Neurotic behaviour

Physical abuse

Physical abuse: Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Examples which **may** indicate physical abuse (it is not designed to be used as a checklist):

Patterns of bruising; inconsistent account of how bruising or injuries occurred
Finger, hand or nail marks, black eyes
Bite marks
Round burn marks, burns and scalds
Lacerations, wealds
Fractures
Bald patches
Symptoms of drug or alcohol intoxication or poisoning
Unaccountable covering of limbs, even in hot weather
Fear of going home or parents being contacted
Fear of medical help
Fear of changing for PE
Inexplicable fear of adults or over-compliance
Violence or aggression towards others including bullying
Isolation from peers

Sexual Abuse

Sexual abuse: Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit act of sexual abuse as can other children

Examples which **may** indicate sexual abuse (it is not designed to be used as a checklist):

Sexually explicit play or behaviour or age-inappropriate knowledge
Anal or vaginal discharge, soreness or scratching
Reluctance to go home
Inability to concentrate, tiredness
Refusal to communicate.
Thrush, Persistent complaints of stomach disorders or pains
Eating disorders, for example anorexia nervosa and bulimia
Attention seeking behaviour, self-mutilation, substance abuse
Aggressive behaviour including sexual harassment or molestation
Unusually compliant
Regressive behaviour, Enuresis, soiling
Frequent or open masturbation, touching others inappropriately
Depression, withdrawal, isolation from peer group
Reluctance to undress for PE or swimming
Bruises, scratches in genital area

Emotional abuse

Emotional abuse: Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child in participating in normal social interaction. It may also involve seeing or hearing the ill-treatment of another. It may involve serious bullying (*including cyber bullying*), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment

Examples which **may** indicate emotional abuse (it is not designed to be used as a checklist):

Over-reaction to mistakes, continual self-deprecation
Delayed physical, mental, emotional development
Sudden speech or sensory disorders
Inappropriate emotional responses, fantasies
Neurotic behaviour: rocking, banging head, regression, tics and twitches
Self-harming, drug or solvent abuse
Fear of parents being contacted
Running away / Going missing
Compulsive stealing
Masturbation, Appetite disorders - anorexia nervosa, bulimia
Soiling, smearing faeces, enuresis

N.B.: Some situations where children stop communication suddenly (known as “traumatic mutism”) may indicate maltreatment.

Child Sexual Exploitation

Reference: What to do if you are worried a child is being abused (DfE 2016)

Child sexual exploitation is a form of sexual abuse where children are sexually exploited for money, power, sexual gratification or status. It can involve violent, humiliating and degrading sexual assaults. In some cases, young people are persuaded or forced into exchanging sexual activity for money, drugs, gifts, affection or status. Consent cannot be given, even where a child may believe they are voluntarily engaging in sexual activity with the person who is exploiting them. Child sexual exploitation doesn't always involve physical contact and can happen online. A significant number of children who are victims of sexual exploitation go missing from home, care and education at some point.

Responses from parents

Research and experience indicates that the following responses from parents may suggest a cause for concern across all four categories:

- An unexpected delay in seeking treatment that is obviously needed
- An unawareness or denial of any injury, pain or loss of function (for example, a fractured limb)
- Incompatible explanations offered, several different explanations or the child is said to have acted in a way that is inappropriate to her/his age and development
- Reluctance to give information or failure to mention other known relevant injuries
- Frequent presentation of minor injuries
- Unrealistic expectations or constant complaints about the child

- Alcohol misuse or other drug/substance misuse
- Parents request removal of the child from home
- Violence between adults in the household

Disabled Children

When working with children with disabilities, practitioners need to be aware that additional possible indicators of abuse and/or neglect may also include:

- A bruise in a site that might not be of concern on an ambulant child such as the shin, might be of concern on a non-mobile child
- Not getting enough help with feeding leading to malnourishment
- Poor toileting arrangements
- Lack of stimulation
- Unjustified and/or excessive use of restraint
- Rough handling, extreme behaviour modification e.g. deprivation of liquid medication, food or clothing, disabling wheelchair batteries
- Unwillingness to try to learn a child's means of communication
- Ill-fitting equipment e.g. callipers, sleep boards, inappropriate splinting;
Misappropriation of a child's finances
- Invasive procedures

1. In-school procedures for protecting children

All staff and visitors will:

- Read and be familiar with Part One of Keeping Children Safe in Education (DfE July 2016)
- Be familiar with the school's child protection policy including issues of confidentiality.
- Remember that the child's welfare and interests must be the paramount consideration at all times.
- Never promise to keep a secret or confidentiality, where a child discloses abuse.
- Be alert to signs and indicators of possible abuse. For current definitions of abuse and examples of harm.
- Deal with a disclosure of abuse from a child and record concerns using C-Poms (online recording system) - Safe guarding lead will then respond to this within one day.
- Be involved in on-going monitoring and recording to support the implementation of individual education assessments and interagency child protection and child support plans.
- Be subject to Safer Recruitment processes and checks whether they are new staff, supply staff, contractors, volunteers etc.
- Will be expected to behave in accordance with the Guidance for Safer Working Practice for People who Work with all Children and Adults at Risk.

2. Responsibilities of the Designated Safeguarding Lead/Officer

- Our named designated safeguarding lead officer from our senior leadership team with lead responsibility and management oversight/accountability for child protection is Ms Homaira Ibrahim.
- The designated safeguarding lead officer is supported by the following appropriately trained designated staff who are Mr M Knox, Mrs K Hall, Miss S Ahmed and Mrs Featherstone. Together, they are responsible for co-ordinating all child protection activity.
- To ensure the designated safeguarding lead officer for child protection leads regular case monitoring reviews of vulnerable children with designated staff responsible for child protection. These reviews must be evidenced by minutes and recorded in case files.

- The designated safeguarding lead officer must ensure that all staff involved in direct case work of vulnerable children, where there are child protection concerns/issues; have access to regular safeguarding supervision.
- Where the school has concerns about a child, the designated safeguarding lead officer will act as a source of support, advice and expertise to staff on matters of safety and safeguarding, and when deciding whether to make a referral by liaising with relevant agencies.
- The designated safeguarding lead officer is responsible for referring all cases of suspected abuse to Children's Social Work Service Duty and Advice Team. Keeping Children Safe in Education (DfE September 2016) dictates that anyone in the school setting can make a referral, however, wherever possible this should be done by appropriately trained designated safeguarding staff.
- The designated safeguarding lead officer will liaise with the head teacher to inform her of issues, especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations.
- Child Protection information will be dealt with in a confidential manner. A written record will be made of what information has been shared with who and when. Staff will be informed of relevant details only when the designated safeguarding lead feels their having knowledge of a situation will improve their ability to deal with an individual child and /or family.
- Once a Cpom alert has been raised, the designated safeguarding lead will respond to it within one day and appropriate action will follow depending upon the nature of the disclosure.
- A safeguarding caseload file will be kept and updated when necessary.
- Separate child protection files must be created (Red- Child Protection, Orange- Child in Need, Yellow-School Concerns) regardless of whether formal child protection procedures have been initiated. For some children, this single record will be the only concern held for them over their time in the establishment. For others, further information may well be accumulated, often from a variety of sources, over time.
- Designated staff must keep detailed, accurate, secure written records of concerns and referrals, which clearly reflect the wishes and feelings of the child.
- If concerns relate to more than one child from the same family at the establishment, a separate file for each child should be created and cross-referenced to the files of other family members. Common records, eg child protection conference notes, should be duplicated for each file.
- Child Protection records will be stored securely in a central place separate from academic records. Individual files will be kept for each child; school will not keep family files. Original files will be kept for at least the period during which the child is attending the school, and beyond that in line with current data legislation.
- Access to these by staff other than the designated staff will be restricted, and a written record will be kept of who has had access to them and when.
- The designated safeguarding lead should undertake appropriate refresher training every two years:
- Designated staff must understand the assessment process for providing early help and intervention, for example through locally agreed common and shared assessment processes such as early help assessments.
- Designated staff must have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so.

- Designated staff must ensure each member of staff and volunteer has access to and understands the school's child protection policy and procedures, including new and part time staff
- Designated staff must be alert to the specific needs of children in need, those with special educational needs and young carers
- Designated staff must obtain access to resources and attend any relevant or refresher training courses
- Designated staff must encourage a culture of listening to children and taking account of their wishes and feelings, among all staff.

2.3 Raising Awareness

- The designated safeguarding lead should ensure the school policies are known and used appropriately:

Ensure the school's child protection policy is reviewed annually and the procedures and implementation are updated and reviewed regularly, and work with the trustees

- Ensure the child protection policy is on the school's website, available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school in this.
- Link with the local authority and SSC (Safeguarding Sheffield Children) to make sure staff are aware of training opportunities and the latest local policies on safeguarding.

2.4 Child Protection Records

- Child protection files should be held in a locked cabinet with only the designated officer or head teacher having access. To help other staff to identify that there is a cause for concern with a child, these will be colour coded to represent level of support-(Red- Child Protection, Orange- Child in Need, Yellow- School Concerns. The following information must be kept in the locked stand-alone file, whether paper or electronic:
 - Chronology
 - All completed child protection cause for concern forms
 - Any child protection information received from the child's previous educational establishment
 - Records of discussions, telephone calls and meetings with colleagues and other agencies or services
 - Professional consultations
 - Letters sent and received relating to child protection matters
 - Referral forms (sent to Children's Social Care, other external agencies or education-based services)
 - Minutes or notes of meetings, eg child protection conferences, core group meetings, etc, copied to the file of each child in the family, as appropriate
 - Formal plans for or linked to the child, eg child protection plans, FCAFs, risk assessments etc.
 - A copy of the support plan for the young person.
- Each child protection file should contain a chronological summary of significant events and the actions and involvement of the school.
- Where children leave the school will ensure that the child protection file is transferred securely and separately from the main pupil file to the receiving school/educational establishment (where this is known), within 15 schools days. This is a legal requirement set out under regulation 9 (3) of 'The Education (Pupil Information – England) Regulations 2005. A copy of the chronology must be retained for audit purposes.

- There is no need to keep copies of the child protection file, apart from the chronology summary and in either of the following instances:
 - Where a child transfers out of area, *(the original file should be retained by the school and a copy sent)*
 - Where a vulnerable young person is moving to secondary school, consideration should be given to the pupil's wishes and feelings on their child protection information being passed on, in order that the school can provide appropriate support. In cases where it is deemed appropriate to transfer child protection records to the school, the original file should be retained by the school and a copy sent.
 - Where the destination school is not known, *(the original file should be retained by the school)*
 - Where the child has not attended the nominated school *(the original file should be retained by the school)*
 - There is any on-going legal action *(the original file should be retained by the school and a copy sent)*
- Children records should be transferred in a secure manner, for example, by hand. When hand-delivering pupil records, a list of the names of those pupils whose records are being transferred and the name of the school they are being transferred to must be made and a signature obtained from the receiving school as proof of receipt.
- If a pupil moves from our school, child protection records will be forwarded onto the named designated child protection person at the new school, with due regard to their confidential nature. Good practice dictates that this should always be done with a face to face handover.
- If sending by post children records should be sent, "Special Delivery", a note of the special delivery number should also be noted to enable the records to be tracked and traced, via Royal Mail.
- For audit purposes a note of all pupil records transferred or received should be kept in either paper or electronic format. This will include the child's name, date of birth, where and to whom the records have been sent and the date sent and/or received. A copy of the child protection chronology sheet will also be retained for audit purposes.
- If a pupil is permanently excluded and moves to a Pupil Referral Unit, child protection records will be forwarded onto the relevant organisation in accordance with the 'The Education (Pupil Information – England) Regulations 2005, following the above procedure for delivery of the records.
- If a parent chooses to electively home educate (EHE) their child, the child protection record must be forwarded to the local authority children's services EHE team, following the above procedure for delivery of the records.
- When a designated safeguarding lead/ member of staff resigns their post or no longer has child protection responsibility, there should be a full face to face handover/exchange of information with the new post holder.
- In exceptional circumstances when a face to face handover is unfeasible, it is the responsibility of the head teacher to ensure that the new post holder is fully conversant with all procedures and case files.
- All Designated Safeguarding Leads receiving current (live) files or closed files must keep all contents enclosed and not remove any material.
- All receipts confirming file transfer must be kept in accordance with the recommended retention periods. For further information refer to the archiving section.

2.4.1 Archiving

Responsibility for the pupil record once the pupil leaves the school

- The school which the pupil attended until statutory school leaving age (or the school where the pupil completed sixth form studies) is responsible for retaining the child protection record.

2.4.2 Access to files

- A pupil or their nominated representative has the legal right to see their file at any point. This is their right of subject to Access under the Data Protection Act 1998. It is important to remember that all information should be accurately recorded, objective in nature and expressed in a professional manner

2.4.3 Children's and parents' access to child protection files

- Under the Data Protection Act 1998, a pupil or their nominated representative has the legal right to request access to information relating to them. This is known as a subject access request. Therefore it is important to remember that all information should be accurately recorded, objective in nature and expressed in a professional manner.
- Any child who has a child protection file has a right to request access to it. In addition the Education (Pupil Information) (England) Regulations 2005 give parents the right see their child's school records. However, neither the child nor the parent has an automatic right to see all the information held in child protection records. Information can be withheld if disclosure:
 - could cause serious harm or is likely to cause serious harm to the physical or mental health or condition of the child or another person; or
 - could reveal that the child or another person has been a subject of or may be at risk of child abuse, and the disclosure is not in the best interests of the child; or
 - is likely to prejudice an on-going criminal investigation; or
 - the information about the child also relates to another person who could be identified from it or the information has been given by another person who could be identified as the source, unless the person has consented to the disclosure or the person providing the information is an employee of the establishment or the Local Authority.
- It is best practice to make reports available to the child or their parents unless the exceptions described above apply.
- The establishment's report to the child protection conference should be shared with the child, if old enough and parent at least two days before the conference.

2.4.3 Safe Destruction of the pupil record

- Where records have been identified for destruction they should be disposed of securely at the end of the academic year (or as soon as practical before that time). Records which have been identified for destruction should be confidentially destroyed. This is because they will either contain personal or sensitive information, which is subject to the requirements of the Data Protection Act 1998 or they will contain information which is confidential to school or the Local Education Authority. Information should be shredded prior to disposal or confidential disposal can be arranged through private contractors. For audit purposes the school should maintain a list of records which have been destroyed and who authorised their destruction. This can be kept securely in either paper or an electronic format.

3. Information sharing

- When there is a concern that a child is at risk of significant harm, all information held by the establishment must be shared with Children's Social Care, police and health professionals. Section 47 of the Children Act 1989 and sections 10 and 11 of the Children Act 2004 empower all agencies to

share information in these circumstances. If designated safeguarding leads are in doubt, they should consult the Local Authority Safeguarding Team

- On occasions when safeguarding concerns exist for a child in the context of a family situation and siblings attend other educational establishments or the children are known to other agencies, it may be appropriate for the designated safeguarding staff to consult with, on a confidential basis, their counterpart from other establishments or other agencies to share and jointly consider concerns. If in any doubt about the appropriateness of this process, advice can be sought from the Nottingham City Children's Services.
- However, consent is not always a condition for sharing and sometimes we do not inform the child or family that their information will be shared, if doing so would:
 - place a person (the child, family or another person) at risk of significant harm, if a child, or serious harm, if an adult; or
 - prejudice the prevention, detection or prosecution of a crime; or
 - lead to unjustified delay in making enquiries about allegations of significant harm to a child or serious harm to an adult.
- Consent should not be sought if the establishment is required to share information through a statutory duty, eg section 47 of the Children Act 1989 as discussed above, or court order.

4. The Governing Body

- The Nominated Safeguarding Governor for child protection at the school is Mrs Anne Davies
- She is responsible for liaising with the Head teacher / Designated Staff over all matters regarding child protection issues. The role is strategic rather than operational – she will not be involved in concerns about individual pupils.
- The nominated Safeguarding Governor will support the designated safeguarding lead in their role from the perspective of ensuring the allocation of funding and resource is sufficient to meet the current safeguarding and child protection activity.
- The designated safeguarding lead must ensure that the annual review child protection monitoring submission is completed and returned in a timely manner to the local authority/SSC. The return must be signed by the Chair of Governor's to confirm that it is an accurate reflection of the safeguarding arrangements of the school.
- The chair is nominated to liaise with the local authority and/or partner agencies on issues of child protection and in the event of allegations of abuse made against the head teacher,
- In the event of allegations of abuse being made against the head teacher allegations should be reported to the chair of the governors (Rhona Dodds) without the head being informed, allegations should be reported directly to the local authority designated officer (LADO) **within one working day**.
- Governors should, be provided with a report at the end of the academic year, outlining the number of cases dealt with and other statistics which do not identify individual children

Summary of in-school procedures to follow where there are concerns about a child

4.1 Local Authority Designated Officer

The Local Authority Designated Officer (LADO) provides advice, guidance and management in cases where an allegation has been made against a person who works with children. The document, Working Together to Safeguard Children (2016) sets out the types of allegations that the LADO should consider. The LADOs role is to work closely with the police and other agencies to consider whether an allegation is true or not. They ensure that any allegation is dealt with as quickly as possible.

An allegation may relate to a person who works with children who has:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child; or
- behaved towards a child or children in a way that indicates they may pose a risk of harm to children.

Any member of staff can make a referral to the LADO- to make a referral to the LADO please complete the form in appendix 1 and email it securely to steven.hill@sheffield.gcsx.gov.uk or fax to 0114 273 4628.

5. Working with parents and other agencies to protect children

- Parents/carers should be aware that our school will take any reasonable action to safeguard the welfare of its pupils. In cases where the school has reason to be concerned that a child maybe suffering significant harm, ill treatment or neglect or other forms of harm staff have no alternative but to follow the NSCB procedures and contact Children's Social Work Service Duty and Advice team to discuss their concerns.
- In general, we will discuss concerns with parents/carers before approaching other agencies, and will seek their consent to making a referral to another agency. Appropriate staff will approach parents / carers after consultation with the Designated Safeguarding lead. However, there may be occasions when school will contact another agency before informing parents / carers, if the school decides that contacting them may increase the risk of significant harm to the child.
- Vehicles for informing parents/carers about our child protection policy are: School prospectus, website, newsletter

5.1 Multi-agency work

- We work in partnership with other agencies in the best interests of the children. Therefore, school will, where necessary, liaise with the school nurse and doctor, and make referrals to Children's Social Work Service. Referrals should be made, by the Safeguarding Designated Staff. Where a child already has a child protection social worker, the school will immediately contact the social worker involved, or in their absence the team manager of the child protection social worker.
- We will co-operate with Children's Social Work Service where they are conducting child protection enquiries. Furthermore, school will ensure representation at appropriate inter-agency meetings such as Initial and Review Child Protection Conferences, and Planning and Core Group meetings, as well as Family Support Meetings.
- We will provide reports as required for these meetings. If school is unable to attend, a written report will be sent. The report will, wherever possible, be shared with parents / carers at least 24 hours prior to the meeting.

6. Our role in the prevention of abuse

We will identify and provide opportunities for children to develop skills, concepts, attitudes and knowledge to promote their safety and well-being.

6.1 The Curriculum

- Relevant issues will be addressed through P4C and the SRE curriculum. For example, self-esteem, emotional awareness, wellbeing, respect and tolerance, e-safety, Child Sexual Exploitation (CSE), Female Genital Mutilation (FGM), preventing radicalisation and anti-bullying (where appropriate).
- Relevant issues will be addressed through other areas of the curriculum wherever it arises.

6.2 Other areas of work

- All our policies which address issues of power and potential harm, e.g. Anti-Bullying, Equal opportunities, Handling, Positive Behaviour, will be linked, to ensure a whole school approach.
- Our child protection policy cannot be separated from the general ethos of the school, which should ensure that children are treated with respect and courtesy and we have high expectations for them in all that they do.

6.3 Mobile Phones

- The School accepts that staff will bring their mobile phones to work. As a general rule, all staff including those in upper school and the EYFS are not permitted to make or receive calls/texts during work time as this inevitably impacts on their role and responsibility and may compromise the safety of the child/ren whilst leaving them staff) open to allegations of abuse.
- Staff should ensure that mobile phones are switched off or on silent at all times whilst working. In the event that a member of staff has a particular reason for having their mobile switched on for a specified period of time, he/she must request permission from their room leader or the Headteacher to have their phone on during working hours.
- Staff are not permitted to use recording equipment on their mobile phones to take photographs or videos of children, including those in the EYFS setting. There are digital cameras available within school for recording purposes. Staff will be trusted not to misuse mobile phones during teaching and learning time.
- It is permitted to use mobile phones during non-contact time in the staff room. If it is necessary to make/receive calls during the playtime or lunchtime break, staff need to be respectful of other staff who may be using the staff room at the time.

7. Our role in supporting children

We will offer appropriate support to individual children who have experienced abuse or who have abused others.

- An individual support plan will be devised, implemented and reviewed regularly for these children. This plan will detail areas of support, who will be involved, and the child's wishes and feelings. A written outline of the individual support plan will be kept in the child's child protection record.
- Where children and young people have exhibited sexually inappropriate/harmful behaviour and/or exhibited sexually inappropriate/harmful behaviour towards others, a checklist must be completed and contact made with Children's Social Work Service if appropriate

- A child going missing from education is a potential indicator of abuse or neglect. School staff members must follow the LA procedures and report to the CME office.
- Children who are absent, abscond or go missing during the school day are vulnerable and at potential risk of abuse or neglect. School staff members should follow the school's procedures for dealing with children who are absent/ go missing, particularly on repeat occasions, to help identify the risk of abuse and neglect including sexual abuse or exploitation and to help prevent the risks of their going missing in future.
- Where child sexual exploitation, or the risk of it, is suspected, frontline practitioners should pass on their concerns to the designated member of staff for child protection.
- We will ensure that the needs of children and young people who abuse others will be considered separately from the needs of their victims.
- Children and young people who abuse others will be responded to in a way that meets their needs as well as protecting others within the school community through a multi-agency risk assessment.

7.1 Children with additional needs

Nether Edge Primary School recognises that while all children have a right to be safe, some children *may* be more vulnerable to abuse e.g. those with a disability or special educational need, those living with domestic violence or drug/alcohol abusing parents, etc.

When the school is considering excluding, either fixed term or permanently, a vulnerable pupil and/or a pupil who is either subject to a S47 Child Protection plan or there is an existing child protection file, we will call a multi-agency risk-assessment meeting prior to making the decision to exclude. In the event of a one-off serious incident resulting in an immediate decision to exclude, the risk assessment *must* be completed prior to convening a meeting of the Governing body.

7.2 Children in Specific Circumstances

This school follows the online multi-agency procedures and will where necessary have due regard to the government guidance on the issues listed below via the Sheffield Safeguarding Children website: for children in specific circumstances as outlined below.

- child sexual exploitation (CSE)
- bullying including cyberbullying
- domestic violence
- drugs
- fabricated or induced illness
- faith abuse
- female genital mutilation (FGM)
- forced marriage
- gangs and youth violence
- gender-based violence/violence against women and girls (VAWG)
- mental health
- private fostering
- preventing radicalisation
- sexting
- teenage relationship abuse
- trafficking

7.3 Radicalisation

Radicalisation is defined as the process by which people come to support terrorism and violent extremism and, in some cases, to then participate in terrorist groups. The process of radicalisation is different for every individual and is a process, not a one off event; it can take place over an extended period or within a very short time frame. It is important that staff are able to recognise possible signs and indicators of radicalisation.

Children and young people may be vulnerable to exposure or involvement with groups or individuals who advocate violence as a means to a political or ideological end. From more than 4,000 referrals to the Channel process (A multi-agency safeguarding programme to identify and support people at risk of radicalisation) more than half of the concerns raised are about children.

Children and young people can be drawn into violence or they can be exposed to the messages of extremist groups by many means. These can include family members or friends, direct contact with members groups and organisations or, increasingly, through the internet, including through social media sites. This can put children and young people at risk of being drawn into criminal activity and has the potential to cause significant harm.

Examples of extremist causes that have used violence to achieve their ends include animal rights, the far right (UK) and international terrorist organisations such as Al Qaeda and the Islamic State.

Potential indicators identified include:

- Use of inappropriate language
- Possession of violent extremist literature
- Changes in behaviour, language, clothing or appearance
- The expression of extremist views
- Advocating violent actions and means
- Association with known extremists
- Seeking to recruit others to an extremist ideology

PREVENT is part of the UK's counter terrorism strategy, it focusses on supporting and protecting vulnerable individuals who may be at risk of being exploited by radicalisers and subsequently drawn into terrorist related activity. PREVENT is not about race, religion or ethnicity, the programme is to prevent the exploitation of susceptible people.

Responding to concerns

If staff are concerned about a change in the behaviour of an individual or see something that concerns them (**this could be a colleague too**) they should seek advice appropriately with the designated safeguarding lead who should contact the Education & Early Years Child Protection Team or the Local Authority Prevent Lead.

PREVENT does not require staff to do anything in addition to their normal duties, what is important is that if staff are concerned that someone is being exploited in this way they have the confidence to raise these concerns. The Education & Early Years Child Protection Team and the PREVENT lead can advise and identify local referral pathways.

Effective early help relies on all staff to be vigilant and aware of the nature of the risk for children and young people, and what support may be available.

All staff will have to complete online Prevent Training during the 2017-2018 academic calendar.

8. A Safer School Culture

Governors have agreed and ratified the following policies which must be read in conjunction with this policy.

8.1 Whistle Blowing/Confidential reporting;

Nether Edge Primary School Whistle Blowing/Confidential reporting Policies provide guidance to staff and volunteers on how they can raise concerns and receive appropriate feedback on action taken, when staff have concerns about any adults behaviour.

8.2 Safer Recruitment, selection and pre-employment vetting

- The school pays full regard and commitment to following the safer recruitment, selection and pre-employment vetting procedures as outlined part three of Keeping Children Safe in Education (2016).
- The school will maintain a single central record which demonstrates the relevant vetting checks required including: a barred list check, DBS check at the correct level, identity, qualifications, prohibition order and right to work in the UK.
- All recruitment materials will include reference to the school's commitment to safeguarding and promoting the wellbeing of pupils.
- The school will ensure that all recruitment panels include at least one person that has undertaken safer recruitment training as recommended by the Local Authority
- The school will ensure that where relevant, individuals are not disqualified under the Childcare (Disqualification) Regulations 2009.
- The school will ensure that appropriate DBS risk assessments will be undertaken as required. Advice and support for carrying out risk assessments can be accessed through the schools HR Advisor/Provider/Contact.

8.3 Procedures in the event of an allegation against a member of staff or person in school

These procedures must be followed in any case in which it is alleged that a member of staff, governor, visiting professional or volunteer has:-

- a. behaved in a way that has harmed a child or may have harmed a child
- b. possibly committed a criminal offence against or related to a child
- c. Behaved in a way that indicates s/he is unsuitable to work with children.

Inappropriate behaviour by staff/volunteers could take the following forms:

- Physical includes, for example, intentional use of force as a punishment, slapping, use of objects to hit with, throwing objects or rough physical handling.
- Emotional includes, for example, intimidation, belittling, scapegoating, sarcasm, lack of respect for children's rights, and attitudes which discriminate on the grounds of race, gender, disability or sexuality.
- Sexual includes, for example, sexualised behaviour towards pupils, sexual harassment, sexual assault and rape.
- Neglect: may include failing to act to protect a child or children, failing to seek medical attention or failure to carry out appropriate/proper risk assessment etc.

A safeguarding complaint that meets the above criteria must be reported to the Head teacher immediately.. The head teacher should carry out an urgent initial consideration in order to establish whether there is substance to the allegation. The Head teacher **should not** carry out the investigation itself or interview pupils. As part of this initial consideration, the Head teacher should consult with the Chair of Governors and contact LADO who will then **within one working day**.

The school will

- (report to DBS as soon as possible and at least within one month after the resignation or removal of any person (whether employed, contracted, a volunteer or student) who harmed or poses a risk of harm, to a child or has committed a relevant offence and has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left.
- (where a dismissal does not reach the threshold for DBS referral the school should consider whether a referral should be made to the National College for Teaching and Leadership (NCTL). This applies where a teacher has been dismissed (or would have been dismissed had he /she not resigned) and 4 March 2015 a prohibition order may be appropriate. Circumstances might include "unacceptable professional conduct", conduct that might bring the profession into disrepute" or a "conviction, at any time, for a relevant offence"

In the case of EYFS complaints, allegations or concerns Ofsted must also be contacted **within 14 days**.

If the complaint involves the head teacher, then the Chair of Trustees must be informed as soon as possible without his or her knowledge.

A multi-agency strategy meeting may be arranged to look at the complaint in its widest context, the Head teacher /a senior member of school staff / Chair of Governors (where appropriate) must attend this meeting, which will be arranged by the LADO. All issues must be recorded and the outcome reached must be noted to ensure closure.

8.4 Training and Support

All staff members should be aware of systems within our school which support safeguarding and these will be explained to them as part of our staff induction. This includes: the school's child protection policy; the school's safer working practice document, introduction to Cpoms, the designated safeguarding lead and their cover or nominated deputy. Particular reference during staff induction will also be made to the government publication 'KCSIE (Latest – September 2016)' and our Staff Code of Conduct, all staff will be expected to read the documents and sign that they have seen them.

We recognise the stressful and traumatic nature of child protection work. Support is available for any member of staff from the Head Teacher. Children's Services Education and Early Years Safeguarding team are also available for advice and support

- Designated Safeguarding Staff must have attended the 3-day Children's Services Education child protection training course (or equivalent). They will attend refresher training at least every three years.

- The school will ensure all staff including temporary and volunteers receive induction and updated INSET appropriate to their roles and responsibilities, especially staff new to the school. All staff will access refresher training at least every three years. Access to training can be via the Children's Services Education and Early Years Safeguarding Team.
- The Head teacher will attend appropriate safeguarding training at least every three years.
- Governors, including the Nominated Governor will attend specific training on their role, updated at least every three years.
- Training completed will be recorded by the school; a print out of the school's training history can be obtained from the Children's Services Education and Early Years Safeguarding team.

8.5 Professional Confidentiality

Confidentiality is an issue which needs to be understood by all those working with children, particularly in the context of Safeguarding. Nether Edge Primary School recognises that the only purpose of confidentiality in this respect is to benefit the child.

Appendix 1

LADO Referral Form

Name of person making referral

Agency:

Position held:

Contact Details:

Date of Referral:

About the ADULT

Name of adult(s) involved in incident/concern:

Date of Birth:

Address:

Does the adult have children of their own?
If yes; names and dates of birth if known

Employment/position held:

Employment base:

Relevant employment details:

About the child/ren involved

Name of child/ren involved in the incident:

Date of Birth:

Address:

If child is a Looked After Child, name of Social Worker and Independent Reviewing Officer:

Mother(s)/father(s)/carer(s) Names and Contact details:

About the Incident/concern

Details of allegation /concern and actions taken by referring Agency so far:

Any concern about allegations against a professional should be referred in immediately / within 24 hours of incident and directed to:

Steven Hill
Service Manager
Safeguarding Children and Independent Reviewing Service
3rd Floor
Howden House
Union Street
Sheffield
S1 2SH

Email, steven.hill@sheffield.gcsx.gov.uk

Advice Line 0114 2053535 Office 2734850 Direct 2734850 FAX 2734628

Any telephone contact made with LADO should be followed in writing by completion on this form.
